

Public radio stations such as K-LOVE serve the residents of our local community rather than serving corporate profit motives that usually don't benefit the local communities affected. If K-LOVE were displaced by an LPFM broadcaster, my teenage children would have absolutely no radio I would permit them to listen to. I refuse to let them become brainwashed by the advertising and programming on pop, rap or country music stations. None of these three themes complement my family's lifestyle. I know I am not alone in my community in this strongly held opinion. It is certainly in our public interest in Edmond OK to preserve public radio such as K-LOVE by not allowing new LPFM stations to take priority over current FM translator service used by K-LOVE. Thank you for your attention.
